<u>Statement of Comprehensive Income for the period ended 31 December 2017</u> 截止 2017 年 12 月 31 日的利润表

Revenue 销售

Revenue for FY 2017 decreased by 74% from RMB 136,977,000 in FY 2016 to RMB 35,229,000 in FY 2017 mainly due to 1) the disruption caused to our business as a result of the factory premises being illegally occupied from 15 April 2017 to 20 September 2017 ("siege period") by supporters of the previous management headed by the ex- CEO Mr. Liu Ming ("Mr. Liu") and 2) the decision by China's National Energy Administration to halt or delay the construction of coal fired power stations across the country which was announced in the 1st half of the year.

Cost of Sales 销售成本

Cost of sales for FY 2017 decreased by 66% from RMB 106,333,000 in FY 2016 to RMB 35,929,000 in FY 2017 mainly due to the reduction in revenue for the financial year. However, cost of sales exceeded revenue for FY 2017, resulting in a gross loss for the financial year. Cost of sales exceeded revenue due to a combination of falling margins and higher production costs per unit incurred due to production costs being absorbed into fewer units of output.

Selling and distribution expenses 营销费用

Selling and distribution expenses increased from RMB 2,866,000 in FY 2016 to RMB 5,011,000 in FY 2017 due to higher expenses incurred for local and overseas customer visits to rebuild relationships with customers as well as to explore new opportunities since the management regained control of the plant on 20 September 2017.

No.9 Yinghua Road, Zhonglou Economic Development Zone Changzhou, Jiangsu Province, 213016, the PRC

Administrative expenses 行政费用

Administrative expenses for FY 2017 doubled from RMB 20,684,000 in FY 2016 to RMB 41,308,000 in FY 2017 as a result of legal and professional advice during the siege period, the costs of setting up a temporary office and payments for security guards. During the siege period, regular non-operating expenses continued to be paid. There was also a reclassification of all production overhead costs (RMB 11,926,000) as administrative expenses as no production work was performed during that period.

Due to the strengthening of RMB against USD, the company's USD cash balances upon revaluation, yields an exchange loss of RMB 899,000 for the FY 2017.

Other operating expenses 其他运营费用

Other operating expenses for FY 2017 increased by more than 20-fold from RMB 4,664,000 in FY 2016 to RMB 109,899 ,000 in FY 2017. This is primarily due to impairment and write-off of:

- 1. RMB 69,604,000 made to the trade receivables;
- 2. RMB 32,958,000 to inventories; and
- 3. RMB 4,803,000 to fixed assets,

based on evaluating the continuity of business relationship with each customer and other objective evidences at the point of assessment. The impairment on fixed assets is based on performing sensitivity analysis to assess the impact on the recoverable amount of the CGU resulting from reasonably possible changes to revenue and growth rates of the Group for next 5 years.

<u>Statement of Financial Position as at 31 December 2017</u> 截止 2017 年 12 月 31 日的资产负债表

Property, plant and equipment 产业厂房和机器设备

Property, plant and equipment (PPE) stood at RMB 103,506,000, a decrease from RMB 126,332,000 in FY 2016, mainly due to depreciation in FY 2017 and an impairment of RMB 4,803,000 to fixed assets based on an assessment of Company's future prospects.

Inventories 存货

Inventories stood at RMB 1,629,000, a decrease from RMB 33,582,000 in FY 2016 mostly due to a RMB 32,958,000 impairment and write-off made to existing inventories based on the assessment of the Company's likelihood of new orders from existing customers. If new orders are not expected to be coming in, the inventories produced for these customers will be impaired in full. This impairment includes an amount of RMB 1,974,000 write-off when a stock take was conducted after the management regained control of the Company on 20 September 2017.

No.9 Yinghua Road, Zhonglou Economic Development Zone Changzhou, Jiangsu Province, 213016, the PRC

There are also two signed contracts amounting to RMB 1,100,000 for which the production of goods was delayed primarily because of technical disqualifications brought about by the previous management team headed by Mr. Liu. The current management is working on resolving the issue of the two unfulfilled contracts with the relevant customer(s).

The Company has the practice of commencing the production of goods for urgent projects of long-term customers while the relevant sales contracts are still under negotiation. Full provision has been made for all the inventories of finished goods and work-in-progress whether they are still with the Company or delivered to the customers as directed for such orders. The management is negotiating with those customers for the settlement of the contracts.

Trade receivables 应收账款

Trade receivables amounted to RMB 52,761,000, a decrease from RMB 164,045,000 in FY 2016 due to collections exceeding sales, as sales were badly affected by the work stoppage from 6 June 2017 to 20 September 2017. At the same time, impairment was made to trade receivables as explained under other operating expenses. The proportion of bills receivables in the trade receivables decreased to RMB 10,746,000 from RMB 37,888,000 in 2016. As at end of FY 2017, the RMB 10,746,000 worth of bills receivables were bank secured. Details of trade receivables aging as at 31 December 2017 are tabled as follows:

Balance	Not Due	1-90 days	91-180 days	181-360 days	>1 year

However, since regaining control of the plant on 20 September 2017, the CEO of the operating subsidiary, together with the sales director, had been making visits to key customers to resolve on sales matters and receivables collections, failing which legal action will be taken against them.

Other receivables, deposits and prepayments 其他应收,定金和预付款

Other receivables, deposits and prepayments amounted to RMB 3,438,000, a decrease from RMB 4,713,000 in FY 2016, mainly due to a change in net VAT, which was RMB 1,451,000 as at FY 2017.

Trade payables 应付账款

Trade payables decreased to RMB 27,247,000 from RMB 52,409,000 in FY 2016 due to payments to suppliers and the absence of purchases in the period due to the work stoppage.

<u>Statement of Cash Flows for the period ended 31 December 2017</u> 截止2017年12月31日的资金流量表

Net cash generated from operating activities reversed from RMB 14,105,000 in FY 2016 to net cash used of RMB 12,877,000 in FY 2017 mainly due to a loss before taxation of RMB 156,012,000 in FY 2017 compared to a profit before taxation of RMB 4,987,000 in FY 2016. Net cash generated from investing activities for FY 2017 was RMB 2,108,000 compared to net cash used in investing activities of RMB 32,254,000 in FY 2016.

Net cash generated from financing activities reversed from RMB 3,948,000 in FY 2016 to RMB 9,840,000 used in FY 2017 mainly due to the full repayment of the RMB 7,000,000 loan in FY 2017.

As a result of the above, there was a net decrease in cash and cash equivalents of about RMB 20,609,000 in FY 2017, compared to a net decrease of RMB 14,201,000 in FY 2016.

The work stoppage which was announced by the Company on 6 June 2017 had lasted almost four months. Since regaining control of the factory premises since 20th September 2017, the Company immediately took stock of the production machinery and inventory, as well as documentary records. Having completed its initial estimates of the damages to inventory and production machinery and provisions for these were made in FY 2017.

The Company's prospect statement released on the SGX on 4 July 2017 is in line with the actual developments.

Since regaining control of the plant on 20 September 2017, the management had reestablished contacts with key customers and had been working on getting new contracts for the Company. The Company has re-qualified itself with its major local customers and has resumed operations with some orders.

The Company has commenced legal action against Mr. Liu, who has been evading service of court documents. Meanwhile, the Singapore High Court on 15 September 2017 has granted an injunction, amounting \$\$30,000,000, prohibiting Mr. Liu from disposing his assets. The legal case is pending court judgement.

No.9 Yinghua Road, Zhonglou Economic Development Zone Changzhou, Jiangsu Province, 213016, the PRC

On 18 January 2018, the Singapore High Court has granted an ad-interim injunction until the adjourned Court hearing, or any further Order of Court, against

- 1. Mr. Lin Chuanjun & Ms. Zhang Ping, who have requisitioned for an Extraordinary General Meeting ("EGM") to remove the Board, from requisitioning or holding any EGM or any other meetings to remove the current Board and appoint any new persons on the Board;
- 2. Mr. Liu, whether by himself or his nominees from voting for or proposing any resolutions at the Company's EGMs, annual general meetings and/ or any other meeting.

The Company is picking itself up from the damage done during the siege period and is making efforts in sales and marketing to get back on track. The market outlook for the Group is extremely challenging over the next 12 months mainly due to the decision by China's National Energy Administration to halt or delay the construction of coal fired power stations across the country.

Notwithstanding the above, the Group will continue to explore opportunities in new segments and markets.
